Re: 2010 Tree Wardens School and Certification Program Announcement

As you probably already know the Tree Wardens' Association of Connecticut, Inc. has sponsored 11 very successful Tree Warden Schools. Over 200 Tree Wardens, Deputy Tree Wardens and others have become Certified Tree Wardens as a result with evaluations by participants indicating that the program has been excellent and helpful.

If you have not attended previously, here is your opportunity to do so. Or, if you know someone who would benefit from the program (a co-worker such as a town engineer, road personnel, parks people, volunteers, or a neighboring tree warden), pass this information on to them. The 2009 class is scheduled to begin this fall. I will need to receive applications by July 30, 2010. The cost will again be \$200 for members, \$250 for non-members.

If you have questions—such as the schedule and an application form—do not hesitate to email me (robert.ricard@uconn.edu) anytime.

Thank you.
